

Challenge Name: Badge Brigade

Challenge Description: Our analysts flagged this Roblox experience as possibly being used to pass information in plain sight. Thousands of badges are lined up with no obvious purpose.

Think you can find what's hidden beneath the noise?

Challenge Author: Brad Wolfenden Fan Club

Video Walkthrough: <https://youtu.be/oRgnIFsrnVM>

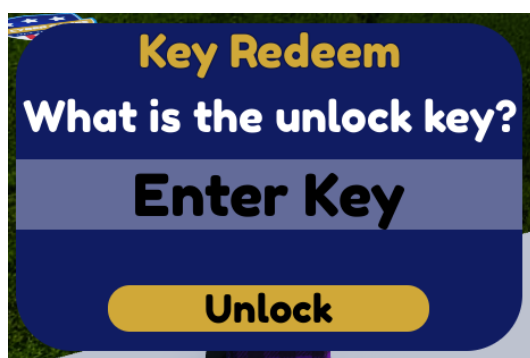

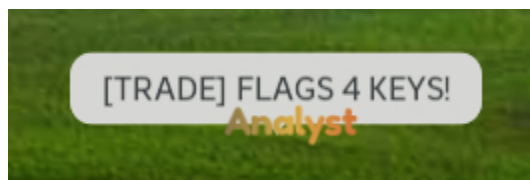

Flag: SVBGR{y0u_f0und_th3_r1gh7_b@dg3}

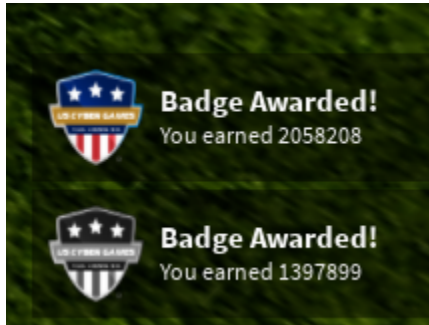

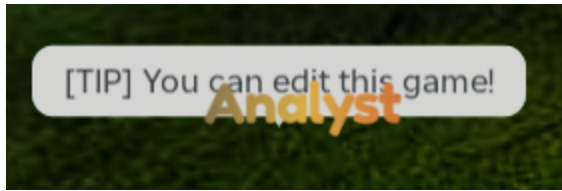

Step 1: Create / Login to a Roblox Account

Step 2: Play the provided experience!

Step 3: Look around for various hints!

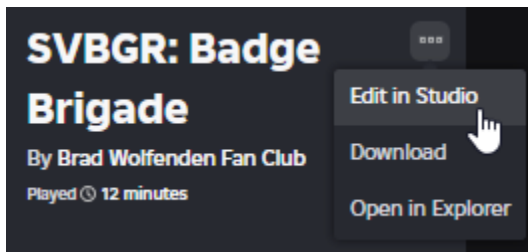

So it looks like we are looking for possibly a key hidden in a badge?

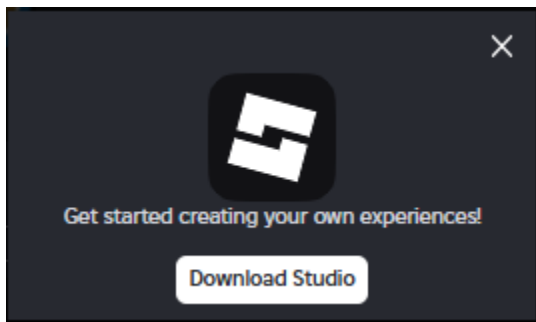

Step 4: Edit the game!

Click the 3 Dots on the left hand corner

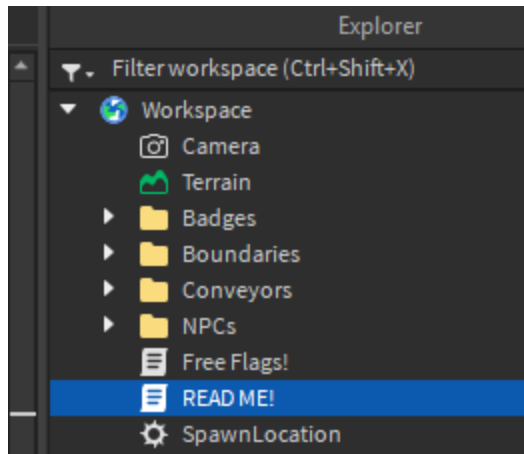

Click Edit in Studio

Download Studio

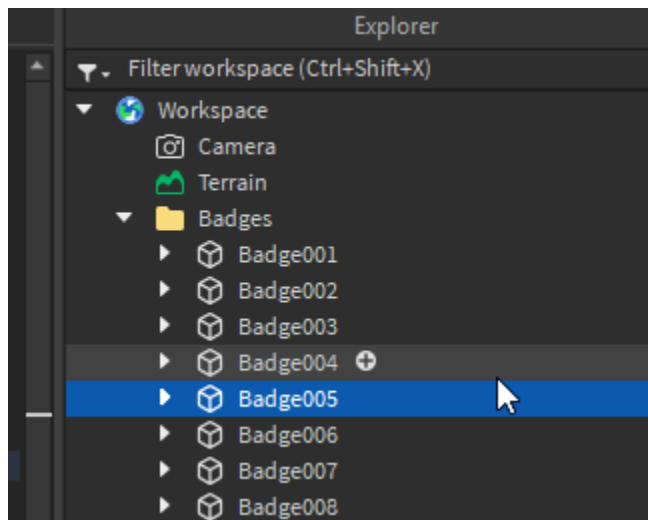

Step 5: Read Me! More Hints. (Located in Workspace under Explorer)

```
FREE TIPS:  
- THE KEY IS *NOT* THE FLAG. DO NOT SUBMIT IT. ;)  
- Check the "Run a Command" bar at the bottom of your screen—it's extremely useful.  
- Welcome to Luau scripting!
```

Scripting? Console?

Step 6: Investigate the Badges

It appears they all have a BadgeID associated with a value.

Data	
Archivable	☒
ClassName	StringValue
Name	BadgeID
Parent	Badge001
Uniqueld	1d800d21b96ee65a08284f4a00...
Value	5589802
Tags	+

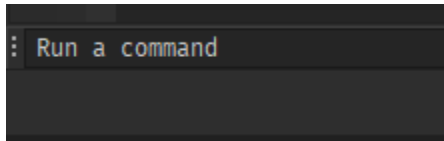

Step 7: Write a lua script for retrieval of all the badge values.

```
-- Badges Location
local badgesFolder = workspace:FindFirstChild("Badges")

-- Loop through all badges, get the BadgeID and print it.
if badgesFolder then
    for _, child in pairs(badgesFolder:GetChildren()) do
        if child:FindFirstChild("BadgeID") then
            print(child.Name .. " - BadgeID:", child.BadgeID.Value)
        else
            print(child.Name .. " has no BadgeID")
        end
    end
else
    warn("Badges folder not found in workspace.")
end
```

Step 8: Run it in console / Find the key

Paste Your Script Here

Results in Output

```
19:24:41.390 Badge527 - BadgeID:
SVBGR{h1dd3n_k3y} - Edit
19:24:41.390 Badge528 - BadgeID:
3501499 - Edit
19:24:41.390 Badge529 - BadgeID:
5266873 - Edit
19:24:41.390 Badge530 - BadgeID:
6762496 - Edit
```

Step 9: Redeem the key for the flag
